

Surrender

*Interpretation of "Cannon Muff" by Adrienne Heloise*

Say, young chap

*Looks so smart  
so decked out*

put your piston down

*so ready to bore into  
the muzzle of this gun*

Ah, from our foundry I see

We will be taking it back

*that collar snug and high  
the plume outrageous*

Yes, a good one, excellent caliber

does the job

*what arrogance in the locks  
such restraint in the recoil*

Time to come along
